|                          |                 |  |
|--------------------------|-----------------|--|
| Operating Current        |                 | 10-20 mA (12-24V AC/DC)                          |
| Operational Frequency    |                 | 50 Hz  |
| Operational Voltage      |                 | 12-30V AC/DC                                     |
| Product                  |                 | Pilot  |
| Color                    |                 | Yellow   |
| Illumination             |                 | with LED   |
| Dia                      |                 | 16 mm  |
| Head Type                |                 | Round  |
| Power Consumption        |                 | 0.6 W  |
| Insulation Voltage       | <b>Ui</b>       | 300V   |
| Operating Temperature    |                 | -15 / + 70 °C                                    |
| Pollution Degree         |                 | 3  |
| Protection Degree        |                 | IP50   |
| Cable Section            |                 | Terminal 2,8x0,5                                 |
| Production Time          |                 | 31.12.1899 00:00:00                              |
| Serial                   |                 | D Series Plastic                                 |
| Electrical Life          | <b>Min Hour</b> | 10000  |
| Specifications           |                 | Non-flammable V0 PA6.6 contact blocks            |
|                          |                 | Various illumination contact blocks availability |
|                          |                 | Variety of products for all areas of application |
|                          |                 | Ease of use in limited spaces                    |
| Standards / Certificates |                 | TS EN 60947-5-1                                  |
